TEQIP Conclave

Electrical Sciences and Mechanical Sciences

Date: 24/09/2016 - 25/09/2016 (2 days)
Time: 10:00 am reporting time on 24th September 2016.
Venue: IIT Gandhinagar, Palaj Campus.
Target group: Faculty members, HoD's, Coordinators, Senior PhD Students.
Register At: www.iitgn.ac.in/kn
Dead line: 17th September 2016

To review the pedagogy in Engineering Institutes, IIT Gandhinagar invites you for Two Pedagogical Conclaves (Electrical & Mechanical), each for duration of 2-Days. The workshop aims to look into the activities of the quality circle by leveraging this common platform of faculty for different institutions.

These conclaves will be designed to explore the student centric pedagogical aspect in different types of courses: Theoretical/Mathematical type courses, Descriptive or Information based courses, Laboratory sessions and Project Advising.

The conclave will have several brainstorming sessions to bring out the possible strategies for providing a more effective learning environment to students from their perspective.

It would mainly focus on teaching and learning experiences in the program related to Electrical Sciences & Mechanical Sciences.

- 1. Electrical Sciences** Includes Electrical Engineering, Electronics engineering, Information technology, Communication, Computer Science, Instrumentation and any other allied disciplines.
 - 2. Mechanical Sciences** Includes Civil Engineering, Chemical Engineering, Mechanical Engineering, Automobile Engineering, Material science, Metallurgy and any other allied disciplines.
-
